

University Employee (solid blue line)

University personnel assigned to administer UCorp are university employees and not employees of the auxiliary entity. They are all supervised and under the oversight of university employees.

UCorp Employee (dashed orange line)

UCorp personnel perform services that support UCorp's mission by and through those functions deemed best fulfilled by an auxiliary. Only UCorp's board of directors may direct employment decisions concerning UCorp employees. UCorp's board delegates this function to the UCorp executive director, who may delegate the responsibility to other personnel.
